Derrida for Architects | Reflections on Technology, Media ...

Derrida for Architects. Posted by Richard Coyne ? April 2, 2011 ? 5 Comments. Filed Under architecture, Derrida, language. Much smart computing these days depends on the idea of the index, the ability of a computer process to look up data from a table. What seems to the user of an Internet search engine like an instantaneous search through ...

Richard Coyne

Richard Coyne is a professor at the University of Edinburgh and author of several books on the implications of information technology and design, published by MIT Press, Routledge and Bloomsbury Academic. His work is strongly influenced by the writings of the philosopher Hans-Georg Gadamer on hermeneutics and interpretation theory, particularly as developed by Coyne's colleague Adrian Snodgrass ...
